PERSONAL STATEMENT

With a strong background in leadership and teamwork through working as an outdoor instructor for a year, I am keen to begin an apprenticeship that allows me to both apply and improve my skills while studying for qualifications. I am fluent in both English and Spanish and have extremely good verbal communication as I have experienced different cultures and adapting to new situations with new people is second nature to me. I see the importance of understanding between people and enjoy working with others to generate ideas and work successfully towards a goal. I have a very positive outlook and work to the best of my ability, always going the extra mile in order to succeed regardless of the difficulty of a task.
